Construction Material Specifications and Details

1. Package Specifications

- Package Name: Deluxe Package
- Package Rate: ₹ 2,850.00 per sq. ft
- Project Type:
- Total Built-up Area:

2. Design & Drawings (Include all Floors)

All design files will be shared in non-editable PDF format. The following will be included:

- 2D Floor Plan
- Structural Design
- 3D Elevation Design
- Reinforcement
- Shuttering

3. Structural & Construction Specifications (Include all Floors)

- Aggregates: 20 mm & 40 mm
- Sand
 - M-Sand for block work, columns and Roof
 - P-Sand for plastering
- RCC Design Mix: As per the certified structural designer's recommendations
- Waterproofing
 - Waterproofing in the terrace slab, all washrooms and balconies will be done using Fosroc Brushbond or equivalent.
- Ceiling Height
 - 10 feet (Finished Floor Level to Finished Floor Level)
 - 10-12 feet (For Duplex House)
- Foundation
 - As per the structural drawings.
 - Additional foundation may be required based on soil conditions (Cost extra).
- Walls
 - Solid concrete blocks to be used for outer and partition walls.
 - PCC of 100 mm to be laid below the ground floor flooring.

Builtline Construction

4th Main Rd, CA's, near lingaraj Pujari & Co,
Malleshwaram, Bengaluru, Karnataka
560003

- Plastering
 - Internal Plaster: 1:5 cement mortar.
 - External Plaster: 1:5 cement mortar.
 - Ceiling Plaster: 1:4 cement mortar.
 - Plaster thickness: 12 mm.
 - Chicken mesh to be used at beam-column and masonry wall junctions.
- Additives & Compounds
 - Fosroc or equivalent waterproofing and plaster admixtures
- Materials
 - Steel: JSW or Tata Steel
 - Blocks: 6" solid blocks for exterior walls and 4" for partition walls (Lab approved)
 - Cement: Birla Super, ACC, Ultratech or equivalent (Grade 43 and 53)
- Column & Beam Dimensions
 - Columns: Based on the Structural Design
 - Beams: Based on the Structural Design

4. Excavation & Foundation Conditions

- Foundation
 - In cases of wet soil, loose soil or rocky layers, extra charges will apply as per the structural engineer's recommendation. (if exceeds excavation depth)
- Individual Foundation
 - The depth is considered as per the design.
- Unspecified Items
 - Any item not explicitly mentioned in this specification is excluded from the scope.
- Finished Floor Level (FFL)
 - The quotation includes raising the ground floor FFL to 1.5 feet above the existing ground level.
- Transportation of Excavated Earth - included in the package.
- Waste Debris Removal - Disposal of construction waste is included.
- Solar Plumbing - Provision for all bathrooms is included.
- Sewage Chambers
 - Fitted with FRP cover lids as per site requirement.
